"A Profile of The Tree" reflects our school system. In its roots, we have the firm hold of our administration and faculty who give us the very base for our sustenance and co-curricular activities on campus. The branches are the avenues and challenges we seek out in diversified fields of cultivated interests. The leaves and flowers are but the rewards we reap as we seek to fulfill our goals.

The "Tree", then, mirrors life. Turn the pages, and see your image.

Alma Mater

Far across the blue Pacific,
'Neath the mountains high
Stands our gracious Alma Mater--
Waimea High.

Chorus:

Lift your voices in her praises;
May she never die.
Hail to thee, our Alma Mater,
Waimea High.

True to self, to school, to teachers
May we ever be.
Work and sport and many studies
Crowd the year with glee.

Dedication

We, the Waimea High School yearbook class, dedicate Ka Menehune 1966 to Mr. Kazuichi Hirano, a devoted teacher of our students for thirty-nine years.
Unselfishly and diligently you have worked to set us on the right path. We are gratefully indebted to you for your conscientious assistance in promoting the welfare of our student body. Your contributions have nurtured the growing of our firmly rooted tree.
We sincerely thank you, Mr. Hirano, for the many services you have rendered. We bid you our best wishes for a long and pleasantly active future.

A man does not plant a tree for himself; he plants it for prosperity.

Alexander Smith

Administration

I am not a teacher; only a fellow-traveller of whom you asked the way. I pointed ahead -- ahead of myself as well as of you.

George Bernard Shaw

Principal's Message

The "educational tree" with its many component parts; Trunk-Student Body, Limbs-Classes, Leaves-Students, Flowers-Activities; each representative of a particular segment of the school's total program, is anchored by its roots, the administration and the faculty.
The tree, to grow and be productive, must be firmly established and must receive nourishment and stimulation from its roots.
In administering this school, we have tried to do just that: to establish a strong, solid base for the tree to grow and to withstand the occasional adversities through sound organization and strong discipline; to provide educational nutrients through a competent and concerned faculty and carefully selected instructional materials; to promote stimulation by maintaining an educational climate that encourages ideas and inquiries.
Upon these foundations the "educational tree" at Waimea High has flourished and this 1965-'66 edition of the Ka Menehune reflects the many facts of this growth.

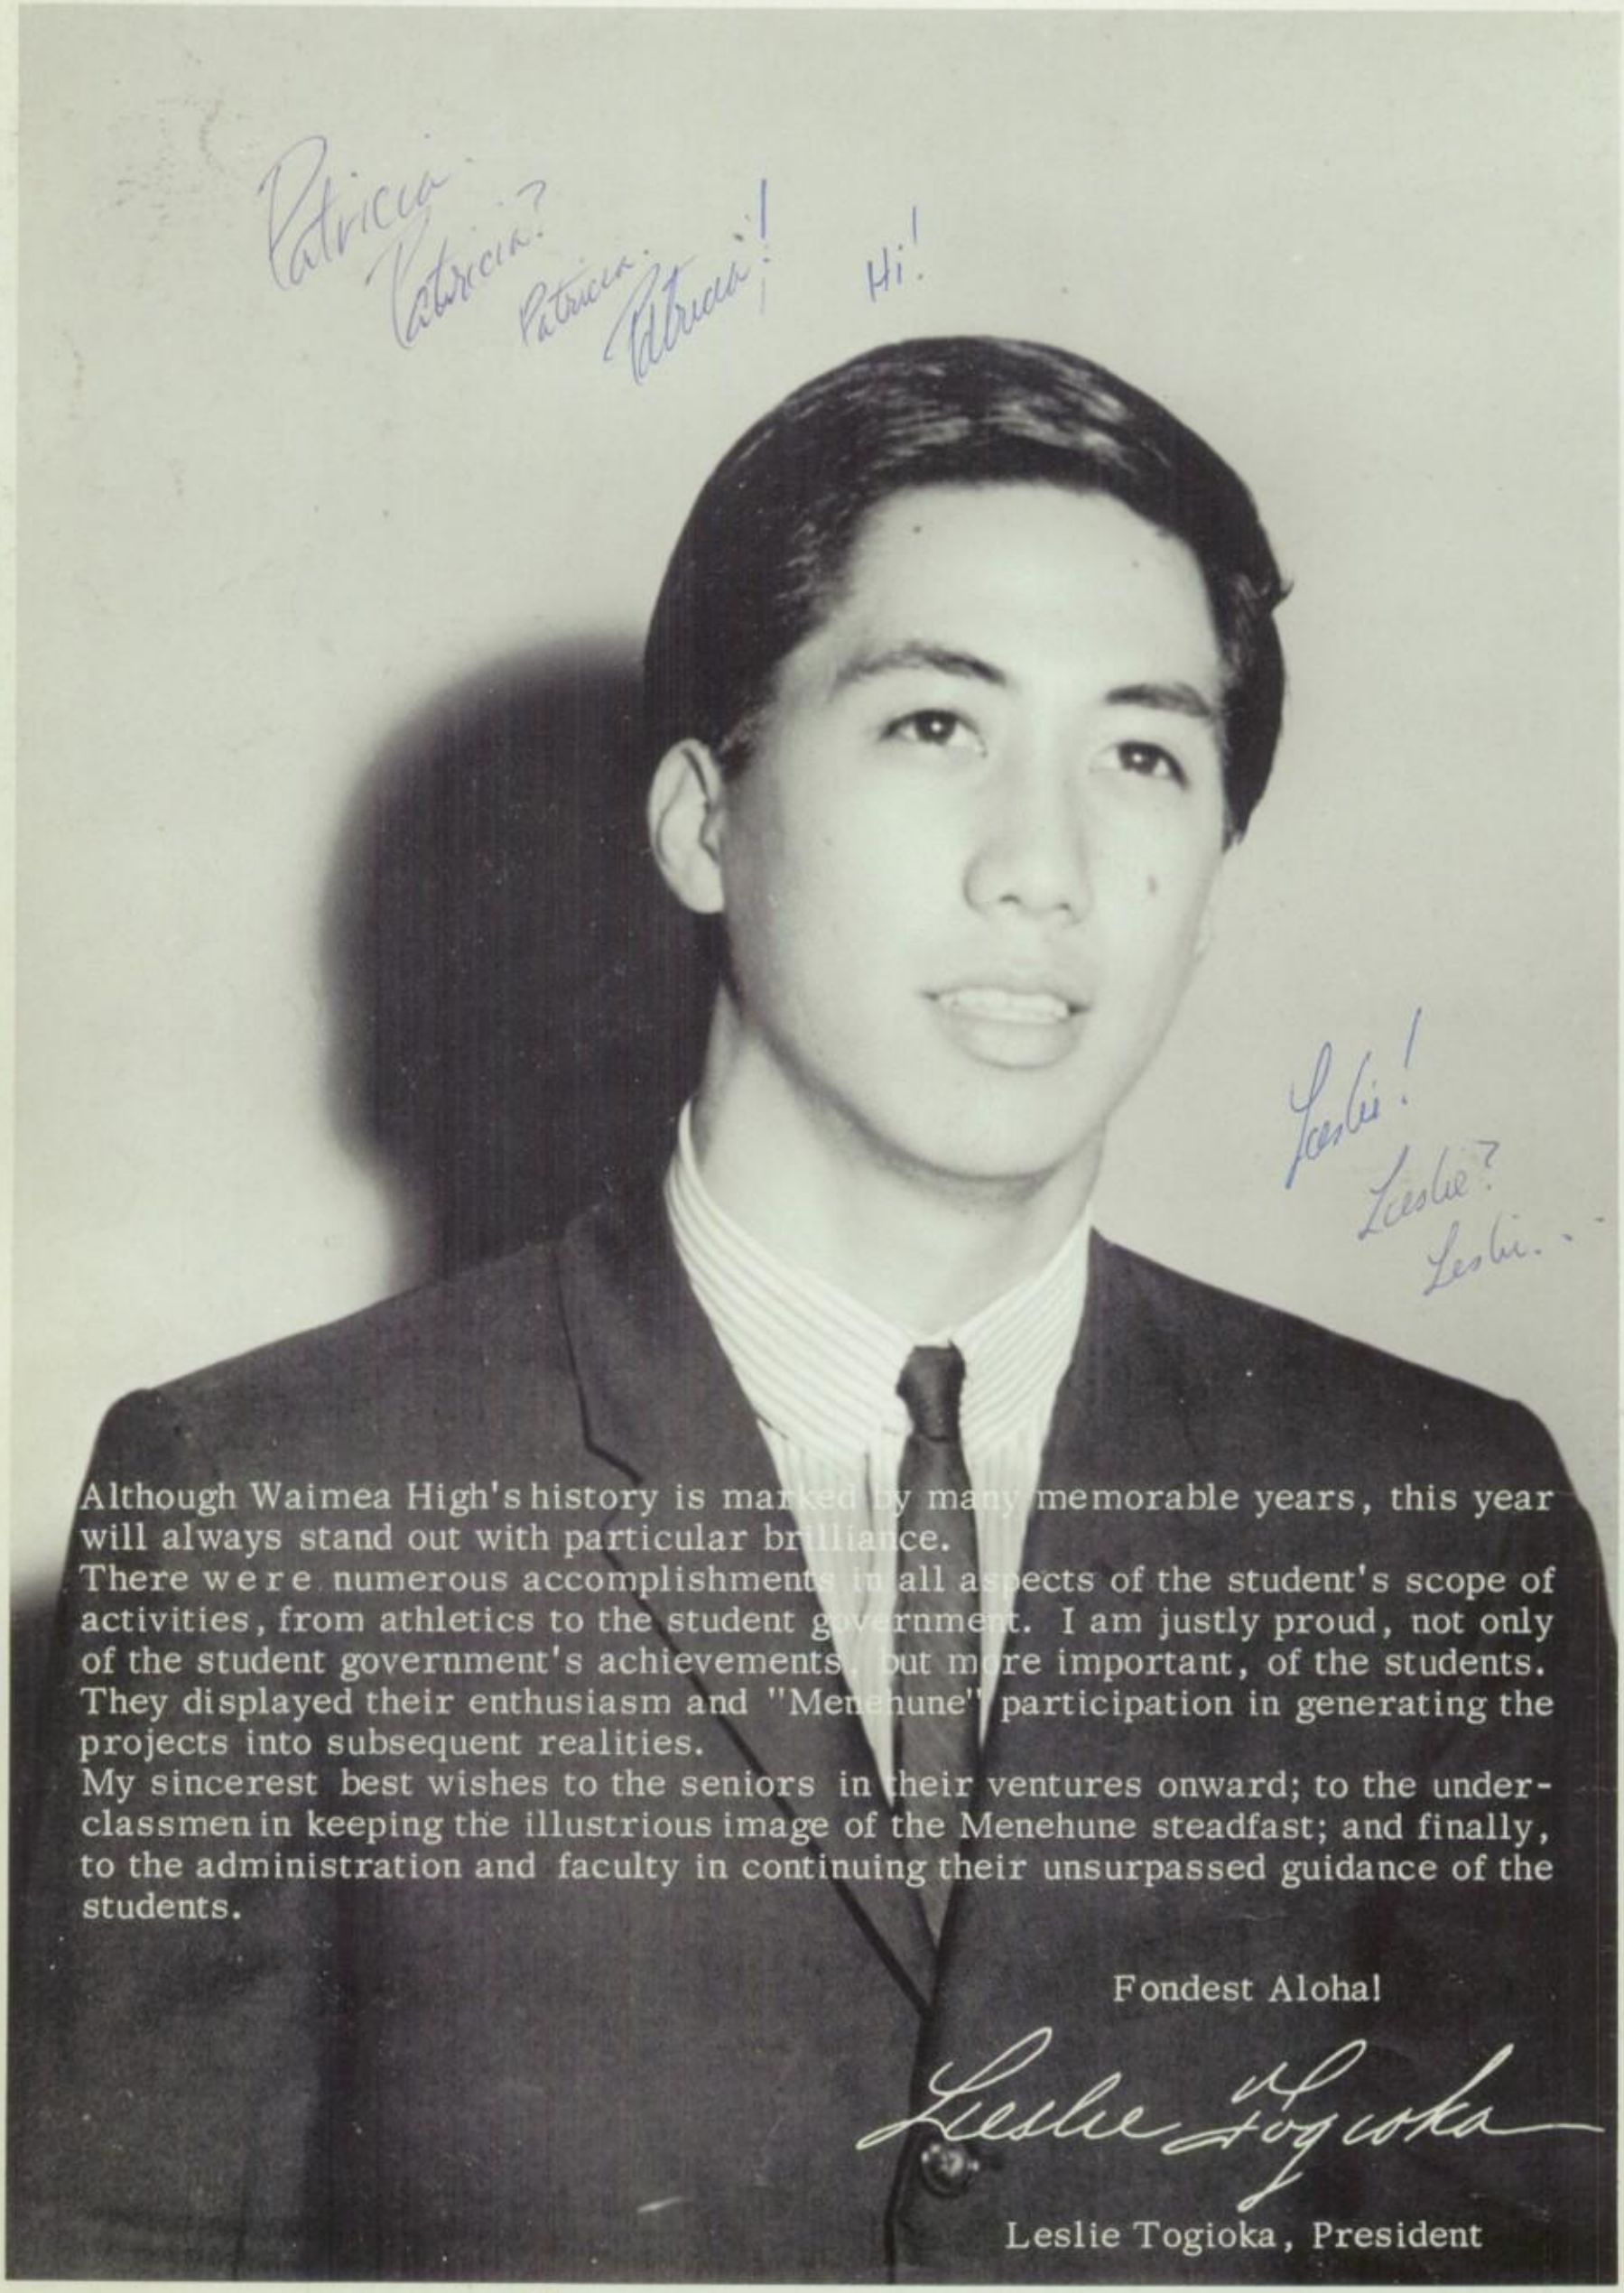
Student Government

Student



Although Waimea High's history is marked by many memorable years, this year will always stand out with particular brilliance.

There were numerous accomplishments in all aspects of the student's scope of activities, from athletics to the student government. I am justly proud, not only of the student government's achievements, but more important, of the students. They displayed their enthusiasm and "Menehune" participation in generating the projects into subsequent realities.

My sincerest best wishes to the seniors in their ventures onward; to the underclassmen in keeping the illustrious image of the Menehune steadfast; and finally, to the administration and faculty in continuing their unsurpassed guidance of the students.

Fondest Aloha!

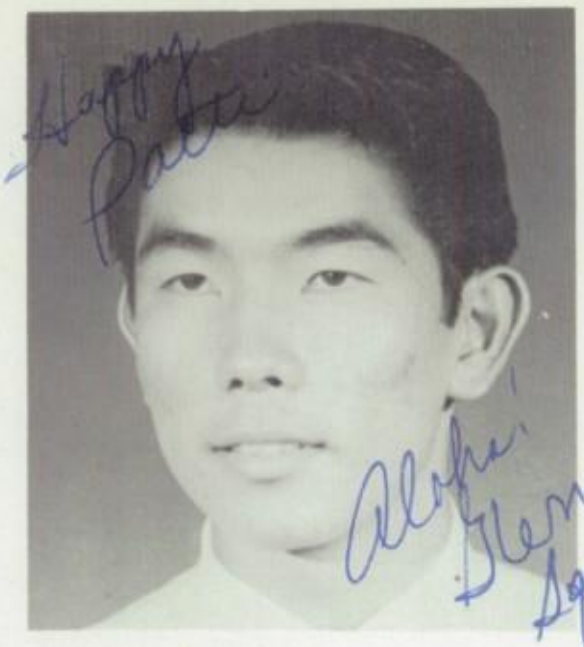
CLASS OF '66



President
Glenn Kakuda

President's Message

In anticipation to the joys and success in graduating, we will reminisce the wonderful years together as the Class of '66. We will remember the hardships of the past years, but we will never forget the rewards that were reaped for our efforts.

We will remember our initial year as timid freshmen, stumbling into wrong classrooms on the first day of school. As sophomores, we got acquainted with each other and participated in many school activities; and the memorable moments of our Junior Prom, "Moonlight and Roses", will never be forgotten.

Our advisors will remain as milestones in our memories for their unselfish counseling and guidance. They have done so much for us. . . now we must take our own paths.

Graduation will bring an end to our memorable years here at Waimea High, however, we will never forget our Alma Mater. We, the Mighty Class of '66, will seek new adventures in the spirit of our motto. . ."to strive, to seek, to find, and not to yield."

Teachers' Message

Best wishes for your future.
Edene Vidinha

Strive to grow as you achieve your goals, seek to attain the highest ideals, find an appropriate place in society, and do not yield to what might deter you from your goals.

Four years in high school, the one hundred and eighty members of the Class of 1966 have displayed an enthusiastic approach to problems, and have demonstrated flexibility in meeting new situations and accepting challenging propositions. On the athletic field, in the classroom, in high school government, you are to be commended for your achievements.

The faculty, and especially your advisors, congratulate you on your accomplishments and hope that you will continue to strive and to seek, and that you will find success and happiness.

The Class of 1967 began the year in the spirit typical of Jubilant Juniors. With gusto, we hustled n' bustled through our school and class activities with the dynamic dynamo that was the envy of all the other classes! With expected reluctance, we accepted the academic challenge of being upperclassmen, but admittedly, this first taste of "maturity" was bittersweet.

Our Junior year will always be a favorite page in our book of memories. Each of us have our private worlds filled with those wonderful moments to remember.

We owe a part of our success in turning endeavors into accomplishments to our class advisors: Mr. Bulatao, Mrs. Ho, Mr. Kimoto, Mrs. Pannkoke, and Mr. Shimazu. Bless them!

As we leave this "hill" to climb a higher mountain, we can all look back--a little wiser, a little stronger, and all the more eager to reach the top.

We Sophs really lived up to our name "The Suffering Sophomores." We buckled down to business. Studying diligently, we tried to absorb all the knowledge that we gained from our teachers.

However, we did not forget our school spirit. We participated eagerly during pep rallies. Through unity and team work we were able to be competitors for the school spirit award.

To our advisors, Mrs. Ajimine, Mr. Doi, Mr. Harada, Mr. Ho, and Mr. Ogata, we thank you for your superb guidance.

Now we anticipate the day we'll be the "Jolly Juniors!"

We looked forward to becoming accepted as true Menehunes and with the help of our advisors, Mrs. Mundon, Mrs. Takanishi, Miss Bidwell, Mr. Kawakami, Mr. Tsuchiya, and Mr. Woodall, and the upper classmen we rapidly became a part of Waimea High School.

We have met the many challenges of "work and sport and many studies" and we eagerly look forward to the rest of our high school years.

Football

'66

With pride we hail the coaches and members of the 1966 football team. Football for the Menehunes is an opportunity as well as a privilege to match their playing skills on the gridiron. Chosen by their outstanding qualities of leadership, Howard Kagawa, Lester Souza, Roland Unciano, and Patrick Pereira served as co-captains. Under their leadership the Menehunes fielded a team rich with dedicated players and an outstanding crop of young talent.

Although the team did not retain the KIF Championship, they were the "Champs" in the hearts of the student body. The team assumed and carried out the responsibilities of playing the game with skill, honor and determination to win. Again we hail the WHS gridiron '66 with full credit going to the coaching staff. The students of our dear WHS look forward to a bright and promising 1967 football season.

Through the efforts of their coach, the boys shared an inspiring year of fun-filled sports. The omnipotent Waimea team had a heart-breaking downfall this year as the strong Kauai and Kapaa teams pressed them out of the championship title. However, hopes are especially high for next year with a powerful J.V. team coming into the Varsity picture.

The high point of the year was a trip to Honolulu playing against Farrington, Waianae, and Kaimuki.

Campos uses some terrific dribbling to daffle and baffle his opponents as Unciano and Kapahu add moral support.

Confidence, Skill, Pride, Determination. These are the traits the boys of the 1966 Baseball Team are noted for. Ever since the first day of practice, the boys have shown much of the true blue Menehune spirit. Those gruesome, strenuous conditioning practices have surely been of benefit for the boys, and the boys gave their hearts out during practice. Yet the credit must be given to the coaching staff with their excellent advising and job. Without their help the boys would have never been exposed to those four traits of a champion--Confidence, Skill, Pride, and Determination.

A promising team under the coaching of two of Kauai's best coaches, Mr. Tsuchiya and Mr. Goto, the track team has shown much desire, endurance, and also speed. Everyday, rain or shine, the track team is always full of life and fire.

Yes, this year there is no doubt that the team under the leadership of Rodney Shimatsu and Alfred Yadao, the two co-captains, will outrun, and outwit the opponents in both track and field events.

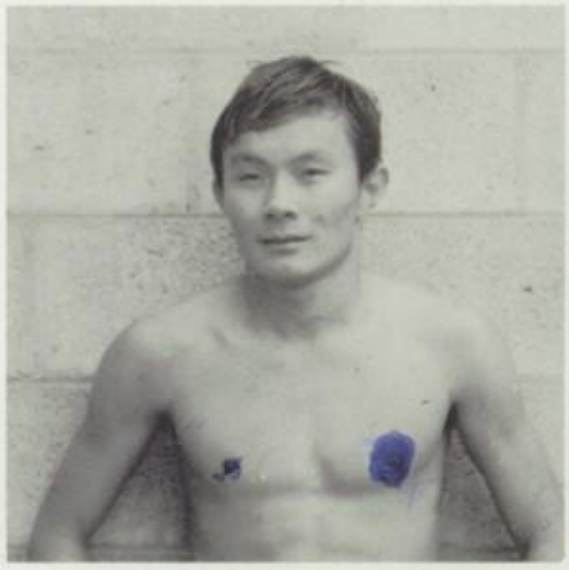
With much vigor and enthusiasm, the team eagerly make their practice run.

Oh! Oh! Oh! A mistake!

What form! What poise!

SWIMMING

COACH: Mr. Ed Ho



CAPTAIN: Richard Shintani

Following the footsteps of a championship team, the boys did a fine job of swimming in their predecesors' shoes. In their first meet against the imported team of Castle High School, important aquatic stars, the boys showed fine form in trouncing them by a wide margin. The boys enjoyed a trip to Honolulu in which they swam against Kaimuki High School.

The highlight for the boys was a trip to Hilo to compete in the State Championships. Under Coach Ho, they pulled some surprise moves in the meet and truly brought honor to Waimea. Hail to thee, o swim team-thou art great.

The '65-'66 FHAers of Waimea planned their activities to foster the development of the individual according to three ideas: 1) Leisure Time, Constructive Time
2) Health, A Valuable Asset
3) Moral and Manners Matter

Some activities included crocheting hats, a lesson with an aikido expert on exercises, a speaker on Morals, and an hour with a beauty consultant. Several service projects on campus and in the community were carried out.

Much of the success of turning endeavors into triumphs is to be credited to our advisor, Mrs. Takanishi

The Ethics, a club of twenty-seven junior and senior boys, had a very successful and enjoyable year, highlighted by a trip to Honolulu and climaxed with a banquet. Under the guidance of advisor Stanley Sakoda, the boys strived to uphold the ideals of the YMCA, through body, mind, and spirit.

Dearest friend Patty,

As this school year is drawing to a close I still can recall the fun and laughter we shared together. I remember the camping trip which I really enjoyed. I recall the times we shared during lunch and 2nd period. All in all I can really say that this year has brought us closer in friendship. Thanks for all the fun that you made for me. I will never forget you. As the school year draws to a close I only wish that I can turn back the clock so we can do the thing we use to do. Again Patty without you my Senior year would not have been fun and successful. Now as we are about to graduate we will be going on our own separate ways. I wish you all the success in life for you deserve it. As we go into our adulthood I hope we will still be friends. Someday I hope in the near future our paths will cross again. Until then God Bless You

Love, Miriam

Dear Patty –

With the school year swiftly drawing to a close – I cannot help but look back and remember with fondness — the marvelous and sensational accomplishments of a young, vibrant, and vivacious girl who contributed so much of her time, talent, and energy in the field of speech and drama. You have been one of the best students in this area, Patti, and you can be proud of your fine achievements.

I want to thank you sincerely for your cooperation in helping the drama department out. I know you will be an asset to the college you're headed for. Keep up the good work and think of us back at WHS sometimes.

Warmest regards —
